NOTES:

“Yordas Cave is situated under a mountain called Greg-roof”
“Thornton-scar is a tremendous cliff, partly covered with wood, and partly exhibiting the bare-rock”
Population of Dent = 1,800
Of Kingsdale quoting from Mr Brown “Agricultural Survey of the West Riding Appendix p.8: “...of Difficult access to carriages having few openings where they can enter with safety. The whole dale is inclosed and when viewed from the mountainous heights by which it is surrounded presents the picture of a terrestrial paradise”. It “reminds the tourist of the happy valley of Rasselas”.
(Is this Dentdale? See Speight.)
